Id	Abbreviation: Agg - Aggravation, Amel - Amelioration	Patient's words	Energy (E)			Mental/ Emotional (M/E)			Chief Complain (CC)			Old symptom s	New Symptom	Remedy	Prog nosis	Prescription	Interpretation
			1 Week	2 Week	4 Week	1 Week	2 Week	4 Week	1 Week	2 Week	4 Week						
1		I feel much better in any way	Agg	Amel	Amel	Agg	Amel	Amel	Agg	Amel	Amel	None	None	Correct	Good	Wait	Strong defense mechanism.
2		I feel much better	Amel	Amel	Amel	Amel	Amel	Amel	Amel	Amel	Amel	None	None	Correct	Good	Wait	It was no aggravation or very small agg because it was severely aggravated before
3		I feel better but still have problems	Agg	Amel	Amel	Agg	Amel	Amel	Agg	Amel	Amel	Minor	None	Correct	Good	Wait	Major symptoms amel after agg. Minor symptoms are unchanged. Correct prescription. Good prognosis. Wait
4		I feel better , but I have a few new symptoms	Agg	Amel	Amel	Agg	Amel	Amel	Agg	Amel	Amel	None	Minor	Correct	Good	Wait	Definite agg followed by amel, but new symptoms develop which are characteristic of the remedy given. Correct remedy with "false proving". Wait. New symptoms will disappear.

Id	Abbreviation: Agg - Aggravation, Amel - Amelioration	Patient's words	Energy (E)			Mental/ Emotional (M/E)			Chief Complain (CC)			Old symptom s	New Symptom	Remedy	Prog nosis	Prescription	Interpretation
			1 Week	2 Week	4 Week	1 Week	2 Week	4 Week	1 Week	2 Week	4 Week						
5		My main problem is better but I am still not well	Same	Same	Same	Same	Same	Same	Agg	Amel	Amel	None	None	Correct	Good	Wait	Maybe E or M/E was fine so it will take time till it changes
6		I'm better, but not really well	Agg	Agg	Agg	Agg	Agg	Agg	Amel	Amel	Amel	None	None	Partial	Other	Recheck	The remedy is close but not exact. Take again he original case. If the remedy is certain - give it. If not - wait till the new image became apparent.
7		My original problem is better but now I have another one	Same	Same	Same	Same	Same	Same	Amel	Amel	Amel	None	Major	Suppress	Other	Antidote	Suppressive and disruptive effect of remedy. Antidote with camphor, allopathy, new remedy based on the original case! not on the image when new symptom appears!!!! Antidote will take 2-3 weeks after that wait one week and prescribe after that
8		My original problem is a little better, but now there are some severe new changes	Same	Same	Same	Same	Same	Same	Amel	Amel	Amel	None	Major	Partial	Other	New remedy	It was one-sided case which has been opened after the remedy. Now the case should be re-taken with the new symptoms.
9		I was much better, but now I'm worse again	Agg	Amel	Amel	Amel	Amel	Amel	Agg	Amel	Amel	None	None	Correct	Good	Wait	Must wait. Another prescription at this point would probably cause a full relapse and distrupction of the case

Id	Abbreviation: Agg - Aggravation, Amel - Amelioration	Patient's words	Energy (E)			Mental/ Emotional (M/E)			Chief Complain (CC)			Old symptom s	New Symptom	Remedy	Prog nosis	Prescription	Interpretation
			1 Week	2 Week	4 Week	1 Week	2 Week	4 Week	1 Week	2 Week	4 Week						
10		I was much better, but now I'm worse again	Agg	Amel	Same	Agg	Amel	Same	Agg	Amel	Same	None	None	Correct	Other	R/N Repeat or New potency	If remedy was antidoted - give the same remedy, if not - give the higher potency
11		I was better, but now the same as I was	Amel	Amel	Same	Amel	Amel	Same	Amel	Amel	Same	None	None	Partial	Other	New remedy	Full relapse after amel w/o beg. agg. can be partial remedy or incurable case especially if new image has changed. Need new remedy for the original or new image
12		I was better, but now even worse than I was before	Amel	Amel	Agg	Amel	Amel	Agg	Amel	Amel	Agg	None	None	Palliative	Incurable	New remedy	Incurable case. Palliative remedy is required. Give new remedy each relaps.
13		I am the same - opened patient	Same	Same	Same	Same	Same	Same	Same	Same	Same	None	None	Other	Other	Recheck	3 possible reasons: wrong remedy/ wrong potency/ spoiled remedy
14		I am the same - closed patient	Same	Same	Same	Amel	Amel	Amel	Same	Same	Same	None	None	Correct	Good	Wait	especially for intellectual-closed patients. Patient may say "I less irritable toward my husband because he is nicer to me lately", Wait till improvements occurs.

Id	Abbreviation: Agg - Aggravation, Amel - Amelioration	Patient's words	Energy (E)			Mental/ Emotional (M/E)			Chief Complain (CC)			Old symptom s	New Symptom	Remedy	Prog nosis	Prescription	Interpretation
			1 Week	2 Week	4 Week	1 Week	2 Week	4 Week	1 Week	2 Week	4 Week						
15		I am the same - improve of minor symptoms	Same	Same	Same	Same	Same	Same	Same	Same	Same	Minor	None	Other	Other	Wait	if patient is closed - Wait for another month. If no further improve - check another remedy if patient is opened - see case 16
16		I am the same, but some symptoms have improved	Same	Same	Same	Same	Same	Same	Same	Same	Same	Minor	None	Correct	Good	New remedy	If patient opened - give another remedy. If patient closed - see case 15
17		I have been worse	Agg	Agg	Same	Agg	Agg	Same	Agg	Agg	Same	None	None	Correct	Good	Wait	All symptoms worse but bettwe within past week. Correct remedy. Wait.
18		I am much worse in every aspect	Agg	Agg	Agg	Agg	Agg	Agg	Agg	Agg	Agg	None	None	Other	Other	Recheck	Possible reasons: 1. allopatic drugs discontinued 2. remedy/potency not good and dease going to out of control To do: 1. find another remedy/potency 2. if agg is not serious - wait 3. if agg is serious - give immediately new remedy, even palliative

Id	Abbreviation: Agg - Aggravation, Amel - Amelioration	Patient's words	Energy (E)			Mental/ Emotional (M/E)			Chief Complain (CC)			Old symptom s	New Symptom	Remedy	Prog nosis	Prescription	Interpretation
			1 Week	2 Week	4 Week	1 Week	2 Week	4 Week	1 Week	2 Week	4 Week						
19		I have been worse, except for a brief time	Agg	Agg	Amel	Agg	Agg	Amel	Agg	Agg	Amel	None	None	Other	Poor	Recheck	Nearly incurable case. Severe pathology. Prescription must be made very careful: 1. Search for the new remedy of relapsed state 2. If the same image -> repeat the remedy with high potency 3. If remedy unclear - wait 15 days
20		I have been worse during the whole month	Same	Same	Same	Same	Same	Same	Agg	Agg	Agg	None	None	Correct	Good	Wait	Usually happens when patient stop using allopathy (e.g. cortisole oinments). Wait
21		I have been worse during the whole month	Amel	Amel	Amel	Amel	Amel	Amel	Agg	Agg	Agg	None	None	Correct	Good	Wait	Like case 20 but with definitely amel of the energy and mental/emotion state
22		I have been worse during the whole month	Amel	Amel	Amel	Amel	Amel	Amel	Agg	Agg	Agg	None	None	Correct	Good	Wait	For mental illnesses - the mental agg can lasts 2 months. Wait.
